

Name: _____

Native American Indian Tribe Study

You will be doing research on one of the tribes the pioneers might have encountered in their journey west on the Oregon Trail. Your report will be presented to the rest of the members of your wagon train (class) when we reach the region where your tribe lived.

Name of the tribe: _____

Location – Where did they live? _____

Were they farmers or hunters? _____

Did they have any alliances with other tribes? If yes, which ones? _____

What was the main type of shelter they lived in? You will construct a small diorama of one of their homes. _____

What kind of clothing did this tribe wear? _____

What myths or legends did this tribe share with their people? _____

What different types of food did this tribe eat? _____

What were the forms of transportation that this tribe used? _____

What kind of ceremonies did the tribe have and what did they celebrate?

Were there any famous American Indians from your tribe? If so, tell about why he/she was famous.

How did the tribe you are studying record their religion and history? _____

Any other interesting facts you discovered about your tribe during your research:
