

GED Instructions for Home Schooled Students

Please plan for the authorization process to take up to 10-15 business days.

- Step 1: Prior to taking any part of the GED test or preparation classes, home schooled students must:
- Be at least 16 years of age; **and**
 - Obtain a GED Authorization Packet from their Education Service District; **and**
 - Provide the GED Authorization Packet to the GED testing site.
- Step 2: Please complete the attached Parent Assurance Form and return it to the Lane ESD Home School Department to request the documents necessary for a student to participate in the GED testing process at community colleges and universities. (Note: The signature of both the parent/guardian and the student is required.) Once received and the verification process completed, a GED Authorization Packet will be returned to the parent or guardian in the mail.
- Step 3: Home Schooled students must remain on the rolls and in compliance with home school laws until successful completion of all GED testing requirements. The parent or guardian may forward a copy of the student's final GED certificate to the Lane ESD Home School Department. At that point the student may be withdrawn from the rolls and will no longer be required to maintain his or her home school status. He or she will also be exempt from compulsory school attendance.
