Purpose

*Shaping the Future -
Supporting Excellence in
Education*

Values

Equity – We support a respectful work environment and access to educational service to all students

Commitment – To districts, student and employee success

Leadership – that is informed, responsive, visionary, proactive and planful

Collaboration – actively engaged with our partners to achieve success

Integrity—approach our work with ethical actions, making and keeping commitments, courage and humility

*Strategic Plan
5 Bold Steps*

Creating and Implementing Innovative Initiatives that Directly Impact or Influence Student Success

Supporting Best Instructional Practices

Modeling and Promoting Equitable Practice for All

Leadership – Leveraging Education and Community Partners

Strong Student Centered Advocacy

Core Services and Funding Formula/Allocation Model

Lane ESD's Core Services and Funding Formula/Allocation Model provides the basis for allocating Lane ESD's resolution funds for Core Services and distribution of funds to districts. ORS 334.177 requires that at least ninety percent (90%) of all ESD revenues from the State School Fund (SSF) and other funds considered local revenues be spent on the provision of services approved in the Local Service Plan. The remaining ten percent (10%) may be spent on administrative services.

The concept of Flex Funds was introduced at the beginning of the 2004-05 fiscal year, allowing a portion of resolution funds to be allocated to each district to "spend" on Local Service Plan menu and custom services. In 2011-12 the model was revised to provide districts with greater flexibility to select ESD services. In previous years, roughly 84% of the funding was allocated to Core Services. Starting with 2011-12, only 15% was allocated to Core Services and the balance was allocated to Districts as Flex Funds. The 2013-14 Local Service Plan introduced the option for "transit" dollars which allowed districts to receive up to 50% of their Flex Funds in the form of cash.

Also introduced in 2013-14 Local Service Plan was the Life Skills Consortium Services model and changes to Core Services, including the addition of funds for Innovation/Programs.

Beginning in 2015-16, \$250,000 was set aside from Flex Funds specifically for professional development and allocated to districts based on ADM. Any unused professional development funds are carried over into the district's Flex Funds the following year.

2019-21 (Year Two) Local Service Plan

As provided for in ORS 334.177 districts notified the ESD of the intention to withdraw funds by November 1, 2019, as well as the percentage of funds to be withdrawn. Lane County districts have been asked to select a percentage range rather than identifying an exact percentage. No district requested more than 50% of available transit funds.

Because current ADMw numbers are not available during the development or implementation of the 2019-21 (Year One) Local Service Plan, the most recent ADM figures, as provided by ODE, are used for the Core Services and Funding Formula/Allocation Model.

Withdrawal of Transit Funds

Districts electing to withdraw transit funds in excess of 50% will be assessed a fee on services ordered from the ESD as follows:

51%-80%	10% service fee
81%-100%	15% service fee

The 2019-21 Local Service Plan provides three categories of service:

Core Services

Core Services are funded prior to the allocation of district Flex Funds and do not require districts to use their Flex Funds. Technology, General Education, Connected Lane County support, Innovation Project Funds and the Life Skills Cost Pool are currently designated Core Services.

Core Services are designed so that essential services are available to all districts. Core Services will not necessarily meet all of any individual district's needs. Districts are strongly encouraged to take advantage of Core Services. Core Services provide stability and flexibility in meeting county-wide needs where the level of supports may vary from district to district and from year-to-year; generally the true value of the service is realized over time.

Menu Services

These are services available from a "menu of services" that provides districts with the option to select or order available services. The cost of the services is covered by Flex Funds allocated to districts or district funds.

Custom Services

These are services that are developed for an individual district or group of districts based on a specific need. These services may include the assignment of a specific amount of FTE or the provision of a service (e.g. payroll/business services, professional development, technology technician/engineer). Districts order the amount of service desired to meet their needs. Districts are assessed the full cost of the service and may use Flex Funds or district funds to pay for these services.

Changes for 2019-21 (Year Two) Local Service Plan include the following:

Core Services and Funding Formula/Allocation Model

1. Addition of a Security Systems Administrator in Technology Services to help districts with prevention of and response to cyber threats and systems security.

2019-21 Local Service Plan

The Superintendents' Council agreed to a two-year Local Service Plan framework, with the intent of aligning with Oregon's K-12 biennium funding structure. Alignment of the LSP with the two-year fiscal cycle provides stability and opportunity for long-range planning. Lane ESD programs can focus more strategically on implementation of services that support district long-range goals, while maintaining the ability to assess and make program adjustments to meet emerging needs. The Superintendents' Council will annually review and make service and program recommendations. As required, Lane ESD and component districts will follow the formal annual approval process for the Local Service Plan.

Withdrawal from Lane ESD

In 2013 amendments to ORS 260.432 and 334.105 expanded the option for component school districts to withdraw from local ESD's state-wide beginning in 2014-15.

To support partnerships within Lane County, Lane ESD's goal is to continue to collaborate and partner with any school district that may withdraw from the ESD. Districts that withdraw from services will:

- Be invited to attend job-alike meetings, including: Superintendents' Council, Special Education Directors, Lane County Technology Advisory Committee, Curriculum Leaders meetings, and any other meetings that are supportive of services and programs county-wide
- Continue as a member of the Life Skills Consortium and other consortium/collaborative program services
- Continue as a member of consortium grants, CTE/Perkins, and Title program collaborations
- Continue to participate in county-wide school improvement efforts
- Be able to purchase ESD menu and custom services

Potential Changes in Funding

The 2019-21 Local Service Plan continues to provide districts with the flexibility to access Core Services and annually select the amount of services needed to meet individual districts needs and the option to develop unique services where feasible. Should there be reductions to Lane ESD's revenue as a result of legislative action which reduces the funding ratio for ESD's or the overall K-12 budget allocation, there will be a proportionate reduction in Flex Funds available to districts. The ESD will use the March estimate from ODE as the basis for the Flex Fund Allocation.

When overall economic conditions result in the reduction to Lane ESD's formula revenue, Lane ESD will make every attempt to respond with corresponding expenditure reductions or otherwise offset the revenue loss in a manner that minimizes further impact to component districts.

Grant funding is also used to support Lane ESD and component district programs and services. Lane ESD has been successful in securing a number of grants and Innovation grants. The availability of such grants to support future endeavors is uncertain.

Services funded via contracts or grants are not subject to the 90% expenditure requirement.

Process for Selecting Lane ESD Menu Services & Service Levels

Districts select the specific Lane ESD services and service levels from the service menu by mid-March of each year. Requests for services are placed using the Lane ESD Service Order Form. Districts' available funds and the costs for services are listed on the Lane ESD Service Order Form.

Core Service - Decision Making

Specific services and associated funding levels included in Core Services are agreed upon by the Lane County Superintendents' Council.

District Feedback

Lane ESD routinely surveys key district contacts to understand use of current services, assess the quality of services, suggestions for improvement, and interest in new services. The most recent survey of districts was completed in October 2018 and generally affirmed a high level of satisfaction as well as specific areas for follow up or improvement.

Additionally, the ESD periodically will conduct an in depth service review focusing on one particular service area or program. Service reviews are completed by a committee who works with the ESD to identify the scope of the review and makes recommendations to the Superintendents' Council.

Changing Services Included in Core Services

Core Services change or evolve based on recommendation of the ESD in response to analysis of county-wide needs or interests of component districts. In both cases the proposed change is analyzed and approved by the Superintendents' Council.

Timelines

Proposals that require significant change, such as the establishment of new programs, expansion of specialized services, or increase in fiscal resources allocated to Core Services, should be presented as early as possible, and no later than the Superintendents' Council meeting in October. This timeline allows the Superintendents' Council time to determine if the proposal should move forward to formal feasibility assessment by the ESD. The Superintendents' Council may establish a subcommittee to review feasibility information and make final recommendations regarding proposals. Subcommittee recommendations and feasibility assessment will be presented to the full Superintendents' Council.

Exceptions to the timeline are made for proposals that do not require additional fiscal resources or re-staffing, as long as the proposal is supported by the Superintendents' Council.

Approved proposals that involve more complex changes (hiring of specialized staff, implementation of new programs) may be implemented either as a pilot or as a general change to Core Services.

When changes are implemented as a pilot, a subcommittee of superintendents will be asked to assist in the development of criteria to use in assessing the pilot and recommendations on whether changes should be incorporated into the Core Services. If a pilot is successful, but is not approved to be included in Core Services it may be offered as a service menu item or custom service.

Innovation/Projects

Proposals for Innovation/Projects may be developed by the Lane County Curriculum Leaders, Lane County Technology Advisory Committee (LCTAC), Special Education Directors, Lane ESD Leadership, or the Superintendents' Council.

Innovation/Project proposals should focus on priorities identified by the Superintendents' Council. It is recommended that proposals outline the specific outcomes for the project, the time frame for implementation, and budget requirements. Lane ESD administrators and component district staff will assist with feasibility aspects of the proposal.

Proposals for accessing Innovation Funds are approved annually by Superintendents' Council prior to March 30 to provide adequate planning time and effective implementation of the project in the next school year.

For 2019-21, the Superintendents' Council approved the use of Innovation/Projects Funds available from the Local Service Plan to fund Research for Better Teaching (RBT) licensing and trainer of trainer licensing. Funding was also set aside for targeted professional development as determined by the Superintendents' Council which includes specific criteria and application process.

Student Behavior Assistance Fund

In the past few years a critical need has emerged to address the needs of students with intense behaviors. The Student Behavior Assistance Fund is created to provide resources to address this problem through enhancing prevention, connecting students and families to appropriate health providers, and other methods to improve student behavior and reduce the number of intense behavioral incidents that schools are experiencing. We believe the most immediate need is for proper training of school staff so that they are able to de-escalate students and effectively handle situations "in the moment."

High Cost Pool

The High Cost Pool will be funded at a level decided upon by the Superintendents' Council, based on the final State School Fund amount. Access to the High Cost Pool is based on disproportionate Special Education enrollment for districts excluding Eugene 4J, Springfield, and Bethel.

Connected Lane County

Superintendents contribute funding towards the activities and infrastructure of Connected Lane County. This commitment is renewed annually.

Promise Programs

Promise Programs will be funded at a level decided by the Superintendents' Council, based on the State School Fund amount.

Menu Services – Decision Making

Adding Services to the Menu

A Menu Service offering may change or evolve based on recommendations of the ESD in response to analysis of county-wide needs or interests of component districts. In both cases, the proposed change is analyzed and approved by the Superintendents' Council.

Timelines

Proposed changes that require establishment of new programs, expansion of specialist services, or an increase in fiscal resources allocated to Core Services should be presented no later than the Superintendents' Council meeting in October so that the Superintendents' Council can determine if the proposal should move forward to formal feasibility assessment by Lane ESD. Timelines for completing the feasibility assessment will be set jointly by the ESD and the Superintendents' Council.

Proposals that come forward later in the planning process and that do not require complex program development and are supported by the Superintendents' Council will be placed on the menu if there is feasible interest to cover the costs of the service.

In some cases, proposals may be implemented as a pilot as described below.

Elimination of Service

There may be instances where specific services are discontinued if component districts' orders and associated fiscal support are not adequate to continue the service. The decision to eliminate a service will be made by Lane ESD in consultation with component district superintendents, taking into consideration the implications for the impacted districts and the ESD's fiscal and personnel constraints.

Establishing Pilot/Custom Services

There may be instances where services are added if there is sufficient district interest and associated fiscal resources to cover start up and implementation costs. Districts that have an identified need not currently available on the service menu may request that the ESD develop a custom service to meet the district's unique need. The district and the ESD will identify the nature and scope of the service need. This information is used to estimate costs of providing the service. If the district and ESD agree that it is feasible and cost effective to establish the service, it will be implemented either as a pilot or on-going service.

If implemented as a pilot, the ESD and district will establish criteria for assessing the results of the pilot. All Lane County superintendents will be informed regarding new custom services offerings and options for participating, as well as information gleaned from the pilot(s). Previous custom/pilot services included: Network Engineer service, Technology Technician. Twelve custom/pilot services proposals for 2019-21 are being explored to determine feasibility and will be reviewed by the Superintendents' Council.

Service Flexibility

Offerings on the "Menu of Services" are available to all component districts.

Service Implications

A flexible Menu of Services is key to ensuring the Lane ESD Local Service Plan continues to meet the needs of component districts.

The level of annual flexibility is dependent upon numerous factors and considerations for both the districts and Lane ESD.

For example, some services require a significant investment of resources on the part of the ESD and districts to develop a viable infrastructure and sustainable staffing. As a result, starting, ending or significantly changing these services require more analysis and review.

There are other services, however, that can be more flexible from year to year, making annual adjustments in services and service levels easier to accomplish.

Menu of Services

Current Menu

Below is the Menu of Services for 2019-21. The Menu of Services includes Core Services provided to all districts without the need to order and services that are offered based on district selection. Core Services are indicated by an asterisk (*).

The Menu of Services below does not include services provided via grants or services ESD's are mandated to provide.

Funding Sources

A brief explanation of the various funding sources and parameters for the services provided within this Local Service Plan is below.

State School Fund (SSF) Revenue

Lane ESD's primary revenue source for services to districts is the State School Fund (SSF). Lane ESD's share of SSF is based on the overall allocation of SSFs to all Lane County Districts. ESDs receive 4.5% of the total SSF allocated for their region.

The percentages and formulas for SSF allocations for districts and Oregon ESDs are set by the Oregon Legislature and are subject to change. Changes in ESD funding allocations have a direct impact on Lane ESD's Core and Flex Fund Model allocations to component districts, and will impact services and service levels.

ORS 334.177 requires that at least ninety percent (90%) of all ESD revenues from the State School Fund (SSF) and other funds considered local revenues be spent on the provision of services approved in the Local Service Plan. The remaining ten percent (10%) may be expended on administrative services.

The 10% administrative services allocation is an essential component to providing services to districts. The cost of facilities, accounting, human resources, technology, and general administrative overhead (insurance, legal fees, etc.) are paid for with these funds. Home School services and grant development services are also included in the 10% administrative services allocation.

Menu of Services Funding

Items on the Menu of Services are available to all districts based on their annual selection. The cost of services ordered from the menu are charged to the district's Flex Fund allocation and/or invoiced to the district if in excess of available Flex Funds.

Other Services

Lane ESD also provides services by way of contracts with component districts or other public or private entities.

Grants

Lane ESD actively seeks grant funding to enhance services to districts and further ESD and component district priorities.

Programs Included in 10% Administrative Revenue

Home Schooling

Oregon ESD's are mandated to provide Home School services. Lane ESD is responsible for accepting notification from parents or guardians who intend to educate their children at home. Lane ESD serves as a primary information resource to parents, students, schools, and districts.

Lane ESD is responsible for:

- monitoring compliance with home school notification and testing requirements;
- monitoring academic progress requirements;
- providing detailed reports to districts including compliance and testing information.

Grant Development

Lane ESD recognizes the importance of outside funding in shaping the future of education in Lane County. Lane ESD employs a grant writer to support acquisition of grant resources to enhance services in alignment with ESD and component district priorities.

Federal & State Mandates for Oregon ESDs

Lane ESD's services align with the services prescribed for every Oregon Education Service District in ORS 334.175(2) as follows:

Services to Children with Special Needs

Programs for children with special needs, including but not limited to:

- Special Education
- At-risk Students
- Professional development for employees who provide those services

School Improvement Services

School Improvement Services for component school districts, including but not limited to:

- Meeting the requirements of state and federal law
- Services designed to allow the ESD to participate in and facilitate a review of state and federal standards related to the provision of a quality education
- Support and facilitate continuous improvement planning
- Support for school-wide behavior and climate issues
- Professional Technical education
- Professional development for employees who provide those services

Technology Services

Technology Support for component school districts and the individual technology plans of those districts, including but not limited to:

- Technology infrastructure services
- Data services and distance learning
- Professional development for employees who provide those services.

Administrative Support Services

Administrative and Support Services for component school districts, including but not limited to:

- Services designed to consolidate component school district business functions.
- Liaison services between ODE and component districts
- Registration of children being taught by private teachers, parents or legal guardians pursuant to ORS 339.035

Other Services

Other Services that ESDs are required to provide by state or federal law, including but not limited to:

- Compulsory Attendance required under ORS 339.005 to 339.090.

Performance Measures

In addition to providing these "core" services, Lane ESD's services must also be equitable, cost effective, of high quality and meet local district needs. Services must also be evaluated using the following performance measures:

- Improving student learning
- Enhancing the quality of education for all students
- Providing quality professional development for district staff
- Providing districts and their students equitable access to resources
- Maximizing operational efficiencies and providing economies of scale

Services to Children with Special Needs

Life Skills Consortium Services

Service Description

Lane ESD's and district-operated Life Skills programs form a consortium to serve students with moderate, severe, and profound intellectual disabilities as part of a continuum of services. Classrooms for students in kindergarten through grade 12 are located in a number of elementary, middle and high schools throughout Lane County. Students ages 19-21 are served in "Transition Classrooms".

The Life Skills Consortium includes all sixteen districts, with Bethel, Eugene, Junction City, Springfield and Lane ESD as service providers. The Life Skills Consortium Agreement describes the common unit cost determined annually, resident and serving district responsibilities, the process for resolution of concerns, and Lane ESD's responsibility for the coordination of placements.

Kindergarten to Grade 12

- Highly individualized instruction in functional academics, daily living skills, and social/communication skills
- Inclusion support
- Secondary students also receive instruction in vocational skills and community accessibility.

Transition Classes

- Students learn independent living skills to help transition to adulthood.
- Students explore community options such as public transportation, leisure and recreation, and employment opportunities.

Goals

- Assist component districts in meeting the requirements of IDEA and Oregon Administrative Rules.
- Implement evidence-based practices in the education of students with moderate, severe and profound intellectual disabilities to improve student learning.
- Enable component districts and the students they serve to have equitable access to resources in Special Education.
- Maximize operational and fiscal efficiencies for component districts in the area of Special Education.

Budget

The annual budget allocation for this service is based on the districts' annual service orders for the service.

Services to Children with Special Needs

Behavior Disorder Services

Service Description

Lane ESD assists districts in meeting the federal requirement to provide a continuum of services for students with the most challenging behaviors.

Lane School

Lane School is a structured behavior and academic program designed for students in kindergarten through grade 8 who experience significant behavioral, social, and academic difficulties.

Lane School is located at the Lane ESD Westmoreland Campus. Services are designed to help students gain the skills needed to be successful in their home school. Students are referred by their resident district and typically attend Lane School for approximately 18 months before transitioning back to their home school.

Goals

- Assist component districts in meeting the requirements of IDEA and Oregon Administrative Rules.
- Implement evidence-based practices in the education of students with behavioral/emotional disabilities to improve student learning.
- Assist districts with targeted interventions addressing the needs of students with behavioral/emotional disabilities.
- Enable component districts and the students they serve to have equitable access to resources in Special Education.
- Maximize operational and fiscal efficiencies for component districts in the area of Special Education.

Budget

- The annual budget allocation for this service is based on the districts' annual service orders for the service.

Services to Children with Special Needs

Behavior Disorder –Consultants

Service Description Behavior Disorder Consultants provide in-service training/consultation to districts for behavior/classroom management, and strategies for working with students identified as having emotional/behavioral disabilities.

- Goals**
- Assist component school districts in meeting the requirements of state and federal laws for IDEA and enhance the quality of education provided to special education and at-risk students.
 - Improve student learning in special education and in at-risk youth by providing consultation to district personnel and provide professional development to component district employees in the area of special education services to at-risk youth.
 - Enable component school districts and the students they serve to have equitable access to resources in special education.
 - Maximize operational and fiscal efficiencies for component school districts in the area of special education and services to at-risk youth.

Budget The annual budget allocation for this service is based on the districts' annual service orders for the service.

Services to Children with Special Needs

Martin Luther King, Jr. Education Center

Service Description Martin Luther King, Jr. Education Center is a collaboration between Lane ESD and the Department of Youth Services (DYS) to provide educational services to adjudicated youth in middle and high school. The program is located at the Serbu Juvenile Justice Center. The program is funded by district-paid tuition for students enrolled in Credit Recovery and GED services and is augmented by DYS Juvenile Crime Prevention funds, Juvenile Accountability Block Grant funds and Video Lottery which funds Job Skills/Life Skills services.

- Goals**
- Assist component school districts in meeting the requirements of state and federal laws for IDEA and enhance the quality of education provided to special education and at-risk students.
 - Enable component school districts and the students they serve to have equitable access to resources targeting at risk youth.
 - Maximize operational and fiscal efficiencies for component school districts in the area of special education and at-risk youth.

Budget The annual budget allocation for this service is based on anticipated student enrollment.

Services to Children with Special Needs

School Psychology Services

Service Description	<p>School psychologists are utilized in a variety of ways based on the needs of component districts. School Psychology services might include:</p> <ul style="list-style-type: none"> • Psycho-educational assessments provided to assist districts in determining student eligibility for special education. • Development and monitoring of student behavior support plans. • Consultation with school staff and parents on behavioral and educational concerns. • Service coordination assistance to district staff, parents and other professionals to ensure student success.
Goals	<ul style="list-style-type: none"> • Assist component school districts in meeting the requirements of state and federal laws for IDEA. • Enhance the quality of education provided to special education and at-risk students by providing timely and comprehensive psycho-educational evaluations that assist districts in determining eligibility for Special Education Services. • Improve student learning in special education for at-risk youth by providing consultation to district personnel. • Provide professional development to component district employees in the area of special education and at-risk youth. • Enable component school districts and the students they serve to have equitable access to resources in special education. • Maximize operational and fiscal efficiencies for component school districts in the area of special education and at-risk youth.
Budget	<p>The annual budget allocation for this service is based on the districts' annual service orders for the service.</p>

Services to Children with Special Needs

Speech Services

Service Description Speech Services are offered to support districts in assessing and providing Individualized Education Plan (IEP) related services to identified students.

- Goals**
- Assist component school districts in meeting the requirements of state and federal laws for IDEA and enhance the quality of education provided to special education.
 - Improve student learning in special education by providing consultation to district personnel and provide professional development to component district employees in the area of special education.
 - Enable component school districts and the students they serve to have equitable access to resources in special education.
 - Maximize operational and fiscal efficiencies for component school districts in the area of special education.

Budget The annual budget allocation for this service is based on the districts' annual service orders for the service.

Augmentative Communication

Service Description Augmentative Communication Services are designed to work in partnership with school speech and language therapists and other team members. Augmentative Communication Specialists assist in identifying, evaluating and providing intervention for students with severe communication disorders who would benefit from augmentative communication. Augmentative communication includes all forms of communication, other than oral speech, that are used to express needs, wants and ideas.

- Goals**
- Assist component school districts in meeting the requirements of state and federal laws for IDEA and enhance the quality of education provided to special education.
 - Improve student learning in special education by providing consultation to district personnel and provide professional development to component district employees in the area of special education.
 - Enable component school districts and the students they serve to have equitable access to resources in special education.
 - Maximize operational and fiscal efficiencies for component school districts in the area of special education.

Budget The annual budget allocation for this service is based on the districts' annual service orders for the service.

Services to Children with Special Needs

Direction Service

Service Description	Direction Service, a local non-profit agency, provides information and referral services to parents and districts regarding specialized services available in Lane County for students and families of students with disabilities. Direction Service also acts as a mediator between districts and parents of children with disabilities and focuses on collaborative dispute resolution. Lane ESD contracts with Direction Service on behalf of subscribing component districts.
Goal	<ul style="list-style-type: none">• Provide districts and parents of students with special needs access to cost effective referral and mediation services.
Budget	The annual budget allocation for this service is based on the districts' annual service orders for the service.

2019-21 Grant and Contract Services

Early Intervention/Early Childhood Special Education

Lane ESD sub-contracts with the University of Oregon (EC Cares) to provide administration and coordination of services to all eligible preschool children with disabilities and their families in the service area.

Lane Regional Program

Lane Regional Low Incidence Program provides Special Education services for children who have low-incidence disabilities, including; Visual Impairments, Hearing Impairments, Deaf/Blindness, Severe Orthopedic Impairment, Autism Spectrum Disorder and Traumatic Brain Injury.

State Hospital

Lane ESD provides educational services to 18-21 year old students who are hospitalized for either short-term or long-term care.

Juvenile Detention Education Program

Lane ESD provides educational services to youth in the Serbu Juvenile Detention Center.

Phoenix Treatment Program

Lane ESD provides educational services to youth in the Phoenix Treatment Program at Serbu Juvenile Detention Center.

System Performance Review & Improvement (SPR&I)

SPR&I sub grant awards assist with annual performance data collection and reporting for special education.

Extended Assessment

Supports training and professional development around the statewide assessment of students with disabilities.

IDEA Enhancement

Supporting enhancement of activities for students with disabilities in the areas of Response to Intervention (RTI), Positive Behavior Support (PBS), expanded SPR&I, and determination issues.

Employment Support Facilitator

The position supports the implementation of Youth Transition Programs (YTP) designed to meet the needs of students enrolled in the Life Skills Transition program. The Employment Support Facilitator coordinates with the Vocational Rehabilitation (VR) office, Oregon Developmental Disability Services (ODDS), and local County Service Coordinators to provide services to eligible students.

State Farm Grant

Grant provides instructional supports and materials for a variety of special education programs.

Services in School Improvement

Service Description

Instruction

General Education/Instruction Services include leadership and professional development to assist districts in implementing research-based instructional practices that address content standards to ensure a quality education for all students. Component districts have prioritized supporting and improving instruction. Since 2014 Lane ESD and component districts have invested in implementing a strong instructional framework that is supported by 1) the Research for Better Teaching/Studying Skillful Teacher trainings for classroom teachers and administrators and 2) content and standards-based professional development. In addition for 2016-18, the Superintendents' Council has identified a priority for integrating culturally sustaining instructional practices in all content areas, including supporting districts in developing awareness and basic understanding of the continuum of equitable education practices in schools.

Content specialists provide professional development, consultation, and coaching to teachers in curriculum, instruction, and assessment. Lane ESD has content specialists in the areas of English Language Arts, Math, Science, and Career Technical Education.

Services support the implementation of evidence-based practices within all programs to eliminate opportunity and achievement gaps for all underserved or historically underserved students and build upon the assets of each student and family.

Professional Development

Content specialists coordinate and provide professional development for district staff county-wide at Lane ESD or at the district or classroom level. Professional development is intended to improve high quality instruction, and includes the alignment of content standards and instructional strategies, student data analysis and the use of performance based assessments.

Consultation/Coaching

Content specialists and staff work with districts to review and adopt curriculum materials, analyze achievement and discipline/attendance data, review evidence-based practices, model and plan implementation strategies.

Learning Resources

Lane ESD provides an array of materials for Lane County public school educators, including over 200 hands-on educational models and kits and textbooks for review. Support is provided for textbook review and curriculum adoption.

Equity

While Lane ESD is focused on identifying and addressing barriers to equity and access for all students, many equity issues exist in our schools, community, and college/university. Lane ESD and component districts are committed to improving educational outcomes for culturally and linguistically diverse students, students navigating poverty, and student with disabilities. This requires strong collaborative efforts and determination from the ESD and partner organizations to develop and invest in initiatives across Lane County which will systemically eliminate opportunity gaps, improve and expand access to services and supports, and build upon the assets of each student and family.

Lane ESD is a member organization of the Oregon Leadership Network (OLN). Lane OLN team membership includes Lane ESD staff, superintendents from OLN district members in Lane County, representatives from the Superintendents' Council, and community members. Lane ESD is a member of the Equity and Community Consortium (representatives from 13 Eugene/Springfield area public agencies collaborating on equity and human rights issues). Lane ESD collaborates

with equity and community organizations such as NAACP, Blacks In Government (BIG), Centro Latino Americano and Connected Lane County member organizations to strengthen, expand and integrate our efforts to address equity issues in our community. Collaborative efforts may include active participation in grants, initiatives, and community-based activities.

Current priorities are using culturally sustaining instructional practices for the implementation of professional development and supporting the development and enhancement of teacher pathways programs for diverse students interested in the field of education.

Partnerships

Lane ESD is active in state-wide, regional and community partnership to further the identified instructional improvement goals of component districts. Lane ESD is a member of the ODE-OAESD Program Cabinet whose goal is to support effective communication and implementation of ODE initiatives. In addition Lane ESD serves as the backbone organization for the Regional Achievement Collaborative (Connected Lane County) and the STEM Hub (Lane STEM).

The ESD regularly submits grants on behalf of a consortium of districts, including community and business partners.

Goals

The goals of the Instruction, Equity, and Partnerships service area align with Lane ESD's Strategic Plan, specifically:

- Create and implement innovative initiatives that directly influence student success
- Supporting best instructional practices
- Modeling and promoting equitable practice for all

Budget

For 2019-21 General Education Services are fully funded and available to all districts. Districts do not need to order the service or use their Flex Fund allocation to cover the cost of the service.

Services in School Improvement

Career & Technical Education

Service Description Career and Technical Education (CTE) staff provides leadership and services to districts for students to enhance 21st century technical skills, career exploration, and successful transition to work or extended schooling.

LES D Specialists and staff provides technical assistance to instructors, counselors, and administrators on:

- innovative curriculum;
- employment preparation;
- alignment with secondary graduation requirements;
- services to reduce duplication given limited resources.

Partnerships with Colleges & Districts

CTE Specialists and staff facilitate partnerships between area colleges and districts to address alternative learning options for students to obtain college and/or high school credit.

Career Counseling and Guidance

Staff works to enhance community and college partnerships for career exploration, workplace readiness, and technical skill development.

Goals

- Provide professional development to instructors on Career and Technical Education program design, curriculum and assessment.
- Facilitate high school and post-secondary partnerships to support student transitions to college and career opportunities.
- Develop business and community partnerships at local, regional and national levels to enhance learning opportunities for students.
- Connect Career and Technical Education programs with businesses through sponsoring and coordinating regional events that provide students with career-related experiences.

Budget

The annual budget allocation for this service is based on the districts' annual service orders for the service.

Connected Lane County

Service Description

Connected Lane County (RAC) is the evolution of an early collaborative called the Education Partnership established in 2010. The Education Partnership was an outcome of a long-held goal of Lane Community College President Mary Spilde and was initially based on the Mid-Valley Partnership sponsored by Oregon State University. This Lane County K-16 coalition was made up of the superintendents and presidents of local school districts, Lane CC, and UO. The initial purpose of the coalition was to share information increase cooperation and support Lane County students in their education transition by: identifying shared strengths, issues, and concerns across education institutions; addressing barriers to equity and accessibility for all students; exploring opportunities for cooperation; discovering resources to benefit partners; and utilizing the resources and inspiration of Lane CC and the UO to support aspirations for higher education for all Lane County students.

Connected Lane County partners share information, increase cooperation, and aid students in their education transitions by identifying shared strengths, issues and concerns; identifying and addressing systemic barriers that harm equity and accessibility for all students; exploring opportunities for cooperation; and identifying resources that can benefit partners such as grants, donations, knowledge and experience.

Goals

- Increase the number of local high school graduates who are successful in higher education and life by creating a seamless and streamlined transition between early childhood, K-12 and higher education through partnerships and relationships with educational, community, and business partner organizations.
- Create pathways for all students to enter kindergarten ready to learn and be prepared for higher education or careers.
- Build programs and work utilizing an equity lens that ensures cultural appropriateness.

Budget

For 2019-21 funding to support CLC includes partner dues, Oregon Department of Education/Chief Education Office Regional Achievement Collaboratives grants, and Superintendents' Council Core Services funding.

Tragedy Response

Service Description

Lane ESD coordinates annual training for district tragedy response team members on behalf of subscribing districts.

Goals

- Provide districts with cost effective training.
- Maximize operational efficiencies for component school districts in maintaining a county-wide Tragedy Responses Network.

Budget

The annual budget allocation for this service is based on the districts' annual service orders for the service.

2019-21 Grant and Contract Services

Carl Perkins Consortium Services

Lane ESD manages and supports quality Career Technical Education programs and services. Programs of Study articulate with Lane Community College Career Pathways and are based on industry needs. All districts with CTE Programs of Study are included.

Advanced Manufacturing and Construction

This grant provides support for a regional advisory committee and industry connections to strengthen the quality of CTE Programs of Study. This grant also sponsors the Construction Utility Career Day.

Apprenticeship Trades Academy

Through this grant, Lane ESD is able to provide opportunities for students to experience apprenticeships using local Apprenticeship Training Centers.

Connected Lane County/Regional Achievement Collaborative

Lane ESD serves as the fiscal agent on behalf of Connected Lane County/Regional Achievement Collaborative, which was selected as one of 11 regional partnerships across the state of Oregon to receive Regional Achievement Collaborative grants. Connected Lane County was chosen based on the depth of its partnerships, commitment to the success of students from pre-natal to age 22 (P-22), and the potential for implementing innovating and effective projects. Because of the depth and breadth of partnerships already developed since educational partners in Lane County partners first came together to work on K-12/higher education outcomes in 2010. Previously, Connected Lane County/RAC was chosen by the OEIB to serve as a mentor and leader to other Regional Achievement Collaboratives.

Driver Education

The Driver Education initiative is designed to increase availability and accessibility of ODOT approved driver education programming throughout Lane County.

Educator Career Pathways Support

The Educator Pathway program is designed to grow the education workforce as well as to understand the education industry and create pathways for students, counselors and advisors.

Lane African American Black Student Success

The African American/Black Student Success Program improves academic outcomes for African American/Black students to achieve a vision of an equitable education system in Lane County. The project promotes regular and consistent school attendance, provides students access to culturally responsive teaching and learning supports which contribute to their academic success from early learning to post-secondary, provides rigorous skill enhancement and leadership advocacy programs, and provides students and their families support in navigating educational processes and opportunities.

Lane Regional Promise

The overarching purpose of Lane Regional Promise is to foster a college going and career culture that guarantees well-designed opportunities for students to earn credit in college level courses and meaningful career exploration experiences that will set them on a path to a successful post-secondary future.

Lane STEM (Hub)

Lane County education, business and community partners submitted a STEM Hub grant proposal to the Oregon Department of Education in December 2015. Lane STEM (Hub) received a 16-month planning grant award in February 2016 and in December 2016 received a program grant award.

Lane ESD serves as the backbone organization for the Lane County STEM Hub. Lane STEM coordinates, promotes and supports STEM education in Lane County by integrating science, technology, engineering, and math in the classroom and beyond. The STEM Hub provides teachers in Lane County with connections to STEM professionals (engineers, scientists, technicians, and analysts) and offers resources for Lane County educators, industry professionals, families, and community members. The vision of Lane STEM is to 1) ignite student interest in, and fuel preparation for, STEM careers; 2) create a STEM-literate citizenry well-positioned to make sound decisions and participate in community STEM-related discourse; 3) foster a diversity of confident educators and students applying and innovating with STEM concepts.

Math in Real Life

Math in Real Life (MiRL) is a project to help create an environment of innovation in math teaching and learning through regional networks focusing on culturally sustaining strategies and applied mathematics.

Migrant Education – Title IC

Lane ESD coordinates a regional Migrant Education Program consortium serving Lane and Douglas counties including 29 school districts. MEP services provide supplemental instruction, community outreach and parent involvement for eligible MEP students including summer school and pre-school.

Multi-Tiered System of Supports (MTSS) Regional Coaching

The focus of the Oregon Multi-Tiered System of Supports (MTSS) project is the implementation of a cohesive evidence-based professional development and coaching network to support the implementation of MTSS for academics and behavior. Through integrated supports, Oregon has a statewide network of high quality coaches, and is increasing the number of districts implementing MTSS with fidelity, ultimately increasing student outcomes for students with disabilities.

English Language Learners – Title III

ELL services include technical assistance and training on ESL curriculum alignment and integrating English Language Proficiency standards into the regular curriculum.

The Pod

The Pod: Youth Navigation Center and Homeless Shelter is designed to divert youth ages 12-17 who are at-risk, runaway and/or homeless from the criminal justice system, achieve stable housing, access community services, and receive support to succeed with their education. This will be accomplished by providing a low-barrier shelter and a reception center linking youth to services.

Rural School Network

The Rural School Network provides support for small or rural districts that have schools that have been identified as in need of Comprehensive or Targeted Support. This differs from approaches to larger, urban districts due to the unique nature of these schools and districts. A major component of this work is creating differentiated ways for districts to collaborate with each other and share resources and best practices. This work is based on the Oregon Equity Lens.

Youth Transition Program

The Youth Transition Program is a collaboration between the Vocational Rehabilitation Division, Oregon Department of Education, University of Oregon, Lane County school districts, and Career Learning. The program serves students on Individual Education Plans (IEPs), providing assistance with academic, vocational, independent living and personal-social skills so students can experience success in the workforce.

Technology Services

Infrastructural Technology

Service Description

Lane ESD offers component districts a variety of technology services to support student learning and staff productivity. In small districts technology supports focus on escalated response needs and interaction with contracted service providers; in large districts services are project-based with a specified allocation of service hours, augmenting district technology expertise. Lane ESD technology offerings include:

- Managed network connectivity, including CIPA compliant filtering, and intrusion protection;
- Coordination and engineering support to district initiatives, including securing new implementations;
- Hosted services, e.g. email, web, and library services;
- Professional development to district technology support staff;
- Network engineering and support in the design of districts' infrastructures, with an emphasis on securing infrastructure;
- Assistance in the writing, coordination, and implementation of grant activities related to technology infrastructures, including assistance with the filing of eRate;
- Internship hiring and placement for college students into an education technology environment;

Goals

- Enhance the current network infrastructure to support scalable instructional needs of the component districts, including systems for the effective utilization of network resources in a secure manner.
- Develop internal component district technology infrastructures to support robust long-range instructional needs, and to ensure staff and student usability, and security.

Budget

2019- 21 Technology Services are fully funded and available to all districts. Districts do not need to order the service or use their Flex Fund allocation to cover the cost of the service.

Technology Services

2019-21 Grant and Contract Services

LCC Contract

LESD Technology functions as the Internet Service Provision (ISP) and remote campus connectivity for Lane Community College (LCC). LESD and LCC began a recurring contract in 2005-06 that provides needed services to LCC and entrepreneurial funding to serve Lane County districts. Lane County districts have benefited from the LCC relationship and revenue in the following ways:

- Network core upgrade purchases (e.g. costly core routing systems, firewall)
- Common wide area network across 14 districts and all LCC sites simplifying instructional access
- Funding for development and "proof of concept" endeavors in direct support to districts

Monroe Contract

Lane ESD Technology provides Internet Services and filtering through an intergovernmental agreement with Monroe School District.

Administrative Services

Business Services

Service Lane ESD's Business Office can provide services to districts on either a short term or annual basis.
Description Services include:

- Payroll
- Accounts Payable
- Budget Preparation
- Audit preparation
- Financial reporting and management for grants
- Monthly financial reports to Boards
- Financial reporting to the Oregon Department of Education

- Goals**
- Assist component school districts in meeting the requirements of the Oregon Revised Statutes regarding local budget law and investments, IRS payroll and accounts payable regulations and Generally Accepted Accounting Principles.
 - Improve student learning and enhancing quality education by providing accurate budget information to allow the districts to maximize the use of available funds for instructional services.
 - Provide professional development opportunities at the bi-monthly meeting of the Lane County Business Officials.
 - Provide services that allow districts to utilize the ESD's economies of scale and expertise to reduce their administrative costs.

Budget The annual budget allocation for this service is based on the districts' annual service orders for the service.

Administrative Services

Courier Services

Service Description Lane ESD's courier services provides an efficient and secure method of moving materials between the ESD, districts and other public agencies.

- Weekly delivery services to subscribing districts, supporting both inter- and intra-district mail and instructional materials delivery for component districts
- Secure and confidential delivery of Student Records, including Special Education records
- Pick-up and delivery of instructional materials provided by Lane ESD to component districts including Media Materials (science kits, models, etc.), and audience response systems
- Movement of specialized equipment for special education classrooms
- Customized services to Eugene and Springfield Schools Districts to interface with district courier.

Goals • Provide cost-effective, timely, accurate and courteous courier services to all component school districts.

Budget The annual budget allocation for this service is based on the districts' annual service orders for the service.

Librarian Services

Service Description

Goals

Budget The annual budget allocation for this service is based on the districts' annual service orders for the service.

Substitute Teacher List Subscription

Service Description Lane ESD's Substitute Teacher Registration subscription provides an efficient method of ensuring that substitute teachers have completed required background checks and annual training requirements.

- Goals**
- Provision of annual application process to register new teacher substitutes
 - Provision and monitoring of annual training requirements
 - Completion of annual "intent to return" and usual and customary break periods notice
 - Verification of valid teacher licensure

Budget The annual budget allocation for this service is based on the districts' annual service orders for the service.

Administrative Services

Attendance/Truancy Services

Service Description Lane ESD provides truancy officers to assist districts in returning truant students to the classroom. Assistance is also provided in referring persistent truancy cases to Lane County Juvenile Court, Services to Children and Families, or citations for failure to maintain a child in school.

This is a state mandated service to districts with less than 1,000 students.

Lane ESD also coordinates the work of Conference Officers on behalf of local districts.

- Goals**
- Assist component school districts in meeting the requirements of the Oregon Revised Statutes regarding mandatory school attendance.
 - Improve student learning and enhancing quality education by supporting district efforts to maintain student attendance and recapture ADM funding.
 - Provide services that allow districts to utilize the ESD's economies of scale and expertise to reduce their administrative costs.

Budget Attendance/Truancy Services are fee-based.

2019-21 Grant and Contract Services	
Inter-Library Courier	Lane ESD provides pick-up and delivery of inter-library loan materials to the Lane County Libraries consortium.
Substitute Teacher List Subscription	Lane ESD Substitute Teacher List subscription services to private and alternative schools.
ODOT Teens Driving Safely Grant	Supports increasing the number of trained driver education instructors and increasing course offerings in Lane County.
State Farm Grant	Supports access to ODOT approved Driver Education courses.
